REGULATORY / ACMI ASSESSMENT STATUS

Assessment status (as provided): AP ACCEPTED

Certified Toxicologist Decision (as provided): Approved Product (AP). Formula complies with ASTM D-4236 and LHAMA guidelines with no acute or chronic toxic hazards.

Verification notice: This document was formatted from user-provided data. Test results, laboratory methods, sampling details, the identity and authorization of the issuing laboratory, toxicologist approval, and ACMI/AP status have not been independently verified. This file is a sample layout only and must not be represented as an official Crayola Certificate of Analysis or certification record. An authorized manufacturer or laboratory should review, validate, and issue any official CoA.
